Portfolio

Professional Summary

Highly motivated Full Stack Developer skilled in building responsive web applications using modern technologies. Experienced in Python, JavaScript, React.js, HTML, CSS, SQL, PHP, and MongoDB. Known for problem-solving, creativity, and delivering scalable solutions with a user-friendly interface.

Technical Skills

- **Programming Languages:** Python, JavaScript, HTML, CSS, PHP, SQL
- **Frontend:** React.js, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Tools:** Git, GitHub, VS Code, Postman
- **Soft Skills:** Problem-solving, teamwork, adaptability, creativity, effective communication

Projects

*** AI Resume Analyzer

Built an AI-powered resume analyzer that allows users to upload resumes and automatically extracts skills, experience, and keywords using NLP techniques. The system analyzes resumes and provides insights to improve job matching.

Features: Resume upload, text extraction, skill analysis, keyword matching

Technologies: Python, Flask, React.js, NLP, HTML, CSS, JavaScript

Tools: VS Code, GitHub

** E-Commerce Web App

Developed a full-stack e-commerce platform with user authentication, product catalog, shopping cart, and payment integration, offering seamless shopping experience.

Technologies: React, Node.js, Express, MongoDB

Link: [View Project](#)

** Social Media Platform

Created a mini social media platform for users to create profiles, post updates, and connect with friends in real-time.

Technologies: React, Node.js, Express, MySQL

* Personal Portfolio Website

Designed and deployed a responsive portfolio website to showcase projects, skills, and achievements with smooth UI/UX.

Technologies: HTML, CSS, JavaScript
